

PREVENT SURPRISE ATTACK AT NEW YORK AND OTHER PORTS

AUTO CLUB HAS AMBITIOUS PROGRAM

To open Social Season with an Automobile Parade and a Dance at the Lum Park Pavilion

Will Institute a "Rock Picking Day" to do away with Obstreperous Rocks in City Streets

An automobile parade and a dance at Lum park early in May is the way the Brainerd Automobile Association intends to usher in its season of recreation and the event will also probably mark the official opening of the amusement park for the season.

The club will also institute a "Rock Picking Day," when obstreperous rocks, boulders, etc., will be removed from the city streets, Oak, Kindred, and other streets, and probably various approaches to the city. The various divisions that day will be under command of captains.

President S. R. Adair has named his chairmen of committees as follows: Membership John Mahlum; sign boards John F. Woodhead; law and ordinances G. S. Swanson; good roads Alderman Clarence A. Olson; exhibitions, contests and tours, Dr. J. A. Thabes.

Several new members joined the organization, which is in flourishing shape, alive and doing things.

Diamond Jim Brady Dead

(By United Press)
Atlantic City, April 13—"Diamond Jim" Brady is dead. He wore diamonds in profusion, was a character as a first nighter and fond of the "girlies."

BRAZIL MAY MAKE NO FURTHER MOVE

Rio Janeiro, April 13.—It is believed here that the government will confine itself for the present to the severance of diplomatic relations with Germany and that a declaration of war will not be issued, at least in the immediate future.

A decision as to seizing the German ships in Brazilian harbors has been postponed. The German minister has been given his passports.

Dr. Lauro Muller, Brazilian foreign minister, has issued a denial of the report that he advocated damage compensation from Germany for the loss of the Parana and the punishment of the submarine commander rather than a breach of relations.

Dr. Muller says that immediately after the Parana was torpedoed he recognized that it was not a question for indemnity but for action.

PRINTED ON YELLOW PAPER

Pittsburg Marriage License Bureau Posts Warning.

Pittsburg, April 13.—Applicants at the marriage license bureau were confronted by the following sign on yellow paper:

"A man who marries a girl to shirk his duty to his country is not going to think very much of shirking his duty to his wife. Girls, beware."

All records have been broken at the bureau the past few weeks, the majority of men applying for marriage licenses being between twenty and twenty-five years old.

Would Let Allies Recruit.

Washington, April 13.—Chairman Webb of the house judiciary committee will introduce a bill to permit allied governments to recruit their citizens in this country for foreign service. One hundred thousand men are affected by the bill, Mr. Webb said.

April 19 Named Volunteer Day by the Governor

(By United Press)
St. Paul, April 13.—Gov. Burnquist has named April 19th as volunteer day, and urges that patriotic meetings be held upon that occasion.

Brazilians Ordered to Leave Germany Preliminary to War

(By United Press)
Rio de Janeiro, April 13.—The formal admission is made that all Brazilians have been ordered to leave Germany. The public considers this action preliminary to a war move.

Rumors Submarine of Pacific Coast Still Persistent

(By United Press)
Washington, April 13.—Rumors of a submarine playing off the Pacific coast are persistent but unverified. The navy department announces that it has received unofficial reports of a German raider in the South Atlantic.

New Warning of Presence German Subs in Pacific

(By United Press)
San Francisco, April 13.—A new warning of the presence of German submarines in the Pacific ocean was issued by the navy department to shipping men, the warning asserting that these hostile crafts were seen near the Mexican coast.

Cuban Authorities Deny German U-Boat Say Story is Hoax

Havana, April 13.—The Cuban authorities deny the reports that German U-boats are in that vicinity.

COOK HELD AS SPY SUSPECT

Employee of Exclusive Chicago Club Is Arrested.

Chicago, April 13.—Andrew Rosenberg, cook at the exclusive Saddle and Cycle club, has been arrested by government agents.

He joined the colony of spy suspects held "somewhere" after a grilling in the office of H. G. Clabaugh, department of justice investigator.

Mexican Oil Supplies Secure.

Washington, April 13.—General Carranza has given positive assurances to the United States that oil supplies from the Tampico fields and other Mexican sources will not be denied to the United States or Great Britain. Mexican oil is the principal fuel for British and French war vessels.

SIR DOUGLAS HAIG.

Conceiver and Executor of Big British Drive.

Defense Zones About the Great Harbors to Prevent Surprise

(By United Press)
Washington, April 13.—Defense zones about the great harbors of the United States and important coastal points have been established by President Wilson's order. This is to prevent the danger of surprise attacks against New York City and other coast points by submarines or raiders. The barred area extends for a distance of from two to 10 miles in all directions from the harbor points, and vessels must be fully identified before passing the prohibited areas.

President Power to Seize all Railways in Times of War

Washington, April 13.—The chairman of the Adamson house interstate commerce committee has introduced a bill, with the approval of President Wilson, giving the president the power to seize all railways, telegraph and telephone companies in war times, and to draft the employees of these companies into the military service of the country. Heavy penalties are provided for the interference with the mails or interstate commerce in times of war.

REACH ST. QUENTIN AMERICAN FLAG FLIES GERMANS SACK CITY

With the French Armies, April 13.—The French troops have reached the suburbs of St. Quentin and the early capture of that city and St. Cobain is certain. The American ambulance corps is flying the stars and stripes. St. Quentin is being sacked by Germans preparatory to the capture by the French.

HAIG MAKES NEW MOVE CAPTURES ENEMY POSTS

London, April 13.—Gen. Haig has captured the enemy positions on the wide front, and has started suddenly toward Cambrai instead of around Vimy as was supposed to be his intention.

FRENCH CAPTURE GERMAN

Paris, April 13.—The French captured several lines of German trenches south of St. Quentin, is an official statement.

GENERAL JOFFRE.

Noted French Commander May Visit United States.

Photo by American Press Association.

Official dispatches to Washington on the coming of the French and British commissions mention the possibility that General Joffre may accompany former Premier Viviani of France.

An impression that the entente commissioners would seek to bind the United States to the general arrangement not to negotiate a separate peace is generally discounted.

Aeroplane Fired on by Guardsmen

(By United Press)
Portsmouth, N. H., April 13.—An aeroplane coming from the harbor was fired on by the guardsmen, and the aeroplane speeded away. Navy yard officials are puzzled.

Gov. Burnquist will Appoint Commission Mobilize Resources

St. Paul, April 13.—Gov. Burnquist announces that he will appoint a commission to mobilize the agricultural resources of Minnesota, the commission to consist of the heads of the agricultural schools and societies throughout the state. "The resources of Minnesota should be developed to their utmost," says the governor.

SUNDAY SCHOOL SPECIAL APRIL 18

Liquor Men Propose Restrict Manufacture During Time of War

(By United Press)
Washington, April 13.—The voluntary restriction of liquor manufacture during the war has been proposed before the senate agricultural committee by a committee of distillers representing the largest liquor interests in the country.

DEMANDS INDEMNITY SINKING OF STEAMER CABINET APPROVES

(By United Press)
Madrid, April 13.—The Spanish cabinet approves of the note to Germany demanding indemnity for sinking the steamer San Fulgencio by a German U-boat.

Austrian Minister Requests Passports

(By United Press)
Rio de Janeiro, April 13.—The Austrian minister to Brazil has formally requested his passports stating his government's intention to support its ally in the break with Brazil. Patriotic outbursts continue.

Another Mile of Hindenberg Line Taken by British

(By United Press)
With the British Armies, April 13.—Another mile of Hindenburg's line has been taken by the British now east of Colpoer river. The Germans are calling for reinforcements and using their prisoners of war to dig trenches.

Would Take More Than Six Years to Raise an Army

(By United Press)
Washington, April 13.—It would take more than six years to raise an army of a million at the present rate of recruiting. In the last ten days 4,355 enlistments were recorded, previously the average was 255 daily.

ONLY ONE NEGATIVE VOTE

Minnesota House Passes Public Safety Commission Bill.

St. Paul, April 13.—With only the vote of Representative Ernest Strand, Socialist of Two Harbors, in the negative, the bill authorizing a public safety commission was passed by the house after having been amended so as to provide that all acts of the commission must be approved by the governor.

The bill was sent to the senate immediately for concurrence in the amendments, but that body refused to concur. A conference committee will be named.

A special Sunday school train will be run from Brainerd Wednesday afternoon, April 18 at 1:05 o'clock, headed for the big state Sunday school convention in Minneapolis.

The Brainerd delegation is expected to number at least 150. The movement for the train service was inaugurated by Dr. Joseph Nicholson, president of the Crow Wing County Sunday School association. The doctor is also a member of the State Board of Directors.

Added to the Brainerd delegation will be a large number from Cass, Morrison and Beltrami counties, presidents of the county associations assuring Dr. Joseph Nicholson of their desire to travel with the Brainerd delegation.

A. M. Cleland of the Northern Pacific railway will have extra coaches added at various points and W. H. Gemmell of the Minnesota & International railway will cooperate along his line of the road.

Taking this train will enable the delegates to arrive in Minneapolis in time to hear the Minneapolis May Festival Chorus, 500 singers taking part at the Minneapolis auditorium. Special numbers will be under the direction of Prof. H. S. Woodruff and Miss Edwina Wienman pianist. The convention music will be led by J. Lincoln Hall and Dr. Adam Gebel of Philadelphia.

Brainerd had the honor of entertaining the State Sunday school convention and Brainerd people know its value and accordingly will be present in large numbers at Minneapolis.

PROFESSOR ACCEPTS POST

Minnesota Expert Will Direct Northwest Farm Work.

Minneapolis, April 13.—A. D. Wilson of the Minnesota College of Agriculture will direct the work of farm production and labor conservation in the Northwest for wartime purposes.

Without delay the department of agriculture, responding to a message sent by W. E. Briggs, chairman of the Northwest development committee of the Civic and Commerce association, offering its services to make Minneapolis a clearing house for the work, named Professor Wilson as directing head.

Some of the plans in mind, Professor Wilson said, are:

Dismissal of school children if the need arises for their help on the farms and giving them school credits during absence.

Organizing groups of men who know how to operate tractors.

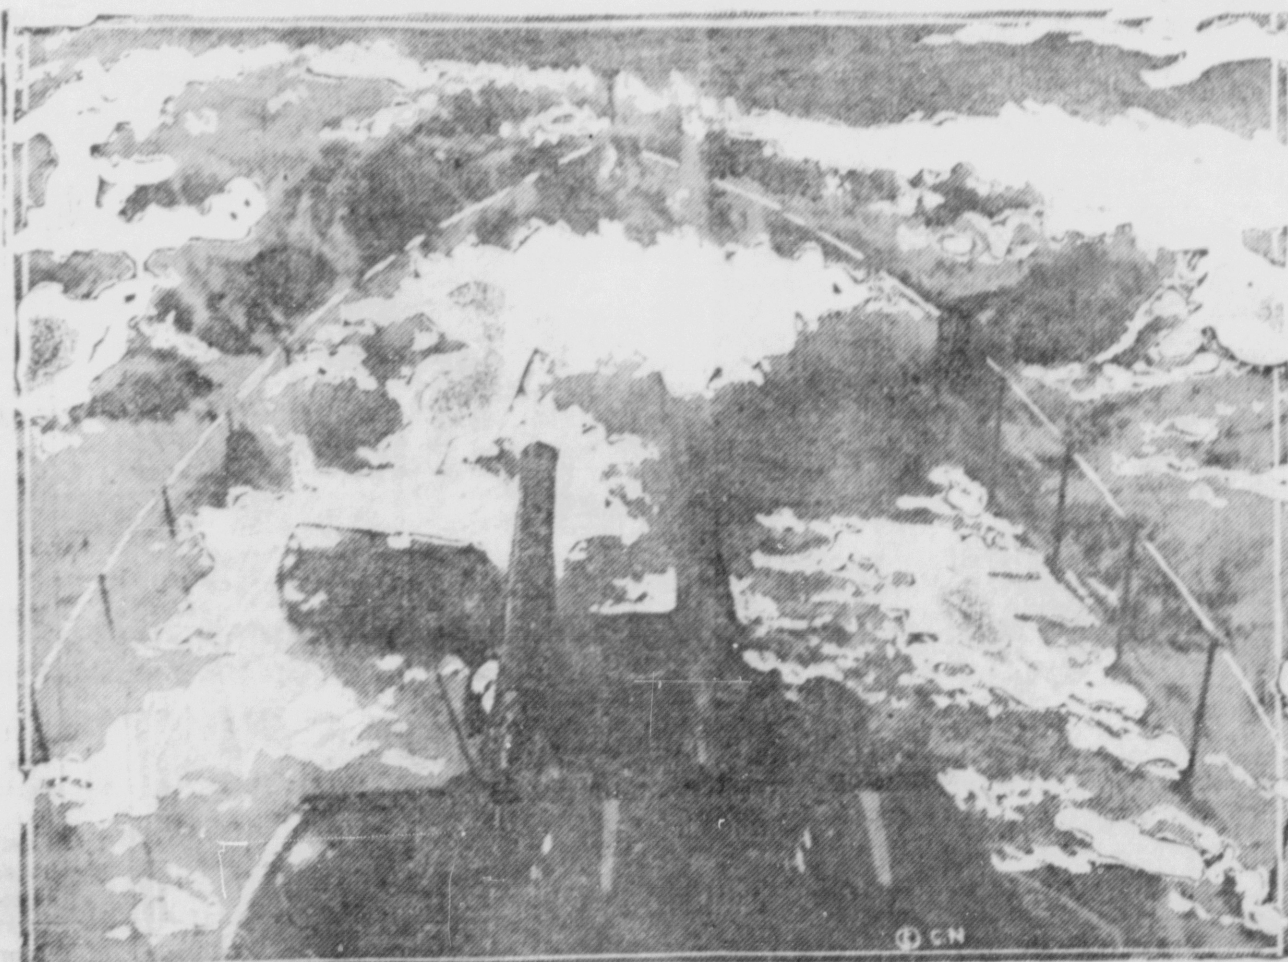

Starting the slogan, "A Garden for Every Family."

Breaking up of 500,000 acres of Northwest grass land to put into corn.

MARRIAGES SURPASS CHICAGO ENLISTMENTS.

Chicago, April 13.—Since war was declared enlistments in the army, navy, marines and the First Illinois infantry and the First Illinois cavalry number 1,609 in Chicago. This compares in the same period with the issuance of 2,256 marriage licenses. Only about one in four prospective fighting men, however, is accepted.

As Our Ships May Look Patrolling North Sea

This remarkable photograph shows the U. S. Monitor Tallahassee laboring through heavy seas during a storm in southern waters. It gives a good impression of how our ships may look in the stormy North Sea should they be sent there to aid the allied fleet.

Pick lots now, plant 'em. Nettleton 26413

The service Sunday evening at the Swedish Baptist church will be held in the English language. Pastor Colvin will speak on the subject.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. "Most headaches, 'dullness' and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel 'foggy' and 'heavy.' Note how they 'clear' clouded brain and how they 'perk up' the spirits. 10c and 25c a box. All druggists.

Austria and Bulgaria Said to Be Weary of War.

MERELY STEP IN LONG ROAD

Washington Observers Believe Entente Powers Will Not Consider Going Into Conference Until Their Enemies Have Made Public Their Terms.

Washington, April 13.—Austrian, as well as Bulgarian, representatives are endeavoring to approach entente diplomats in Switzerland on the subject of a separate peace.

Press dispatches revealed not only Bulgaria has taken soundings, but also there has been similar action in the name of Austria-Hungary. Whether the two countries are working separately or together is not known.

Officials here see in the Austrian and Bulgarian action merely an expression of weariness with the war and anxiety to bring it to an end, without, however, involving any indication of desperation which would make them propose terms acceptable to the entente.

As a result there is every evidence the informal efforts now being made may mark merely a step in the long road that will eventually lead to peace and do not offer hope of real negotiations soon.

This opinion is strengthened by the fact the entente diplomats have not accepted suggestions for private conversations, but have indicated they will not go into any such discussion blindfolded. They have left the impression they stand on the general principles the entente nations will not enter a peace conference until their enemies have made public their terms.

Independent soundings by Austria and Bulgaria, even if entirely tentative, have attracted interest here, however, as showing the dissatisfaction of those two governments with the course of the war and their apparent anxiety to negotiate directly and not through the medium of Germany.

Funston's Nicknames.

General Frederick Funston was a member of the Phi Delta Theta fraternity at the University of Kansas. The general's fraternity brothers at Kansas knew him as "Timmy." This nickname came about through the poor writing of the fraternity member who sent in the names of the pledges the year Funston became a Phi Delt. The name was printed "Timston" in the Phi Delta Theta magazine, and in the form of "Timmy" stuck to the stocky, cocky colonel throughout his college career. —Kansas City Star.

RED CROSS BENEFIT BALL

To be Given under the Auspices of the Woman's Relief Corps and Musicians Union

GARDNER AUDITORIUM APRIL 18

Many Citizens and Organizations Donate Toward the Worthy Project, Insuring Success

The Red Cross Benefit Ball will be given Wednesday evening, April 18, at Gardner auditorium under the auspices of the Woman's Relief Corps and musicians.

The musicians who have donated their services are William Graham cornet, Miss Cecil Witham piano, Jas. McPherson clarinet, William Canan cello, Edwin Lee violin, William Rodenkirchen cello, Robert Larson drums and bells, William Tibbets trombone, Harold Dorsey violin, Wm. Bartsch viola, Julius Witham violin leader. Donations have been prompt and are named as follows:

Ribbons by the Woolworth 5 and 10 cent store.

Ribbons by H. F. Michael Co. Gardner auditorium by Senator George H. Gardner.

Fans by Dunham Electric Shop. Electrical decorations by Brainerd Theatre & Amusement Co.

Mrs. Bertha Theviot will have charge of the sale of tickets.

Louisa Hohman is treasurer and deposits the money in a local bank.

The floor committee is John Mahlum chairman, Dr. W. A. Erickson and W. P. Banker.

ADD NEW DEPARTMENT

Ready to Wear House Dresses, Aprons Etc., Now Carried by H. F. Michael Co.

The H. F. Michael Co. has established a reputation for adopting every metropolitan idea which can be worked with success in their store. Their latest is the creating a separate department of ready to wear house dresses, aprons and kimono.

The fixtures are original and pretty. They are all of oak and glass which makes the supposedly house garment as attractive as more expensive dresses. The feature women will appreciate is that these garments are so arranged that a close inspection is easily made.

Dorcas Society

The Dorcas society of the Swedish Bethany church will give this program at the church this evening:

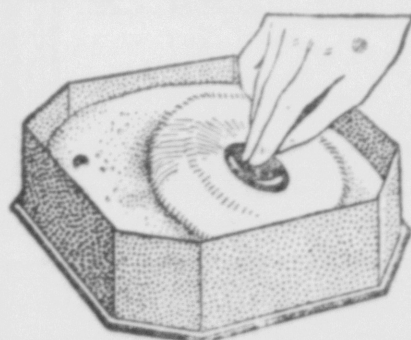

Song Leonard Anderson
Scripture reading Elsa Peterson and Lillian Dahl
Violin solo Herbert Larson
Recitation Esther Fogelstrom
Piano duet Misses Beasie and Myrtle Bredenberg
Song After the program lunch will be served by the several young ladies entertaining. Everybody welcome.

Wedding Announced

Miss Rosey Judd will be married on April 17 to Albert Berthlaume at St. Paul. Miss Judd is a former Brainerd girl.

Mrs. Simpson to Entertain

Mrs. F. H. Simpson of 411 North Fourth street, will entertain at a bridge luncheon at 1 o'clock Saturday afternoon.

Marinello Face Powder Is Different

MUCH BUILDING IN IRONTON NOW

Erick Olson Has Contract for Residence, Boarding House, Cement Block Garage, Etc.

LOYALTY MEETING DRAW MANY

Mayor P. J. Long Presided, Recruiting Officer Boyd of Brainerd Pleads for Recruits

Ironton, Minn., April 12—Erick Olson has secured the contracts for several large buildings including a \$1,800 residence for Fred Osterhout of Aitkin, a two story boarding house for the Hill Crest mine, a cement block garage for Peck and Hunter.

The loyalty meeting brought out a large attendance at the Orpheum theatre. Mayor P. J. Long presided. The speakers roused enthusiasm to a high pitch. Recruiting Officer A. K. Boyd of Brainerd spoke and asked for 30 or 40 good men from Ironton. Old soldiers were on the stage and spoke too.

Ironton boys in the naval reserve are Arvid Anderson, H. Lundgreen, Jay Mague, I. O. Paulson and Wm. Radosavich.

Mr. and Mrs. P. J. Long have removed to their home on Irene avenue.

George Erickson, noted ball player of Brainerd and Woodrow, expects to remove to Ironton as soon as he can find a house for his family.

Mrs. I. J. Bjornas has returned from Minneapolis where she received medical treatment.

Miss Beatrice Noble of Brainerd was a guest of Mrs. Cochran.

The Misses Barron and Sparks of Riverton visited in Brainerd and Ironton.

Wm. Larson has started an electric shop.

Al Berg has returned from Superior, Wis., where he visited his father. The latter is regaining his health.

The Ladies Aid society met Thursday with Mrs. Mannie Anderson.

FLAK ITEMS

Mr. and Mrs. Chas. Flecher and Miss Ruth Law spent Friday in Brainerd.

Mr. and Mrs. Edd Ring have left for St. Paul where they will attend the funeral of her father.

The party given at the home of Mr. and Mrs. Wm. Rau was well attended. It was given in honor of Miss Gordon as her school closed on Friday. We will miss her smiling face and hope she will return next fall.

Sidney Hillman made a business trip to Brainerd Saturday.

Mrs. Miller of Brainerd is visiting at the home of Miss Ada Dyes.

Sam Tollison was a Flak visitor Sunday.

Mrs. Andrew Olson and Mrs. Henry Ray and little daughter Marion were callers at the home of Agnes Liden.

Batching is getting to be quite a new thing in Flak. If you don't believe me just ask "Slim."

There will be a dance at the home of Mr. and Mrs. Geo. Lakes Saturday night, April 21st, 1917. Everybody come and have a good time.

Willie and Frank Barto returned to Ironton Monday after spending Easter here.

The farmers are busy getting ready to plant their grain as soon as possible.

"FORGET-ME-NOT"

ST. MATHIAS

Mr. and Mrs. Bossus and Grandma Favreau visited Mrs. LaVerne on Sunday.

Joe Nelson motored out to Magnan's Easter Sunday, bringing Hubert Franklyn and Udaige LaVerne with him.

Among the crowd who visited Harold Falk were Alma Anderson, Elizabeth Benson, Miss Johnson, Luther Berklund, Oscar and Martin Anderson. Want us to come again "Dooney"?

After spending the Easter vacation at the home of A. F. Claus, Miss Elvora McCorkle returned to her school in Daggett Brook.

Miss Muriel Magnan was home from Little Falls for Easter.

Everyone enjoyed the Easter dance at Fort Ripley.

SAMMY.

A Word to Mothers

There seems to be more than the usual number of children suffering from measles, whooping cough and other children's diseases this spring. Do not neglect any cold, for a cold weakens the system and makes a child more liable to attack of more serious ailments. Foley's Honey and Tar relieves coughs, colds and croup. H. P. Dunn, druggist.—Adv. mwf

CUYUNA NEWS

C. A. Stillman, President Rogers Brown Ore Co., Visits Kennedy Mine and Cuyuna

Cuyuna, Minn., April 12—J. K. Dimmick was at Brainerd on business. Dr. G. M. Sewall of Deerwood was in town.

C. A. Stillman, president of the Rogers Brown Ore Co., having charge of the Meacham mine at Crosby and the Kennedy at Cuyuna, was at Cuyuna and inspected mining operations of the company there.

Frank Krall has been sick for some time.

CROSBY VILLAGE BALL GROUNDS

Town Acquires Control and Management of the Ball Park, Fencing, Grand Stand, Etc.

GARDEN CAMPAIGN IN CROSBY

Most of Crosby's Teachers have been Reengaged—Street Commissioner gets \$4 a Day

Crosby, Minn., April 12—Wages of the street commissioner were set at \$4 a day by the village council. Common labor is to draw \$3 a day and man and team \$6 a day.

Crosby village has acquired control and management of the baseball park, including the fencing, grand stand and lease of the grounds, by payment to the Crosby Athletic association of \$338.24, the amount still due for lumber, material and work done in clearing the grounds. This leaves the park, built last summer at a cost of over \$1,000 clear of debt.

A. J. McLennan of Duluth, secretary of George H. Crosby, was at Brainerd on tax matters.

Miss Ruth Vogan, who is attending the state normal school at Duluth spent her Easter vacation in Crosby.

Ben A. Mizen, mining engineer, has returned from a business trip to Brainerd and Minneapolis.

C. A. Stillman, president of the Rogers Brown Ore Co., was in Crosby this week.

Miss Ruth Johnston of Superior, Wis., is a guest of her sister, Miss Florence Johnston.

M. F. Crosby is at St. Paul on business.

P. E. McCabe, employed at the O'Connell laboratory, spent Sunday with his family.

S. T. Harrison, assistant superintendent of the Rogers Brown Ore Co., has returned from a business trip to Duluth. Saturday morning he was off for war with his naval reserve comrades.

R. A. Welsh has bought the store building on Main street at present occupied by the Linnemann clothing company.

Victor Wickstrom is building a cottage in Smith's addition.

Robert McLeod is building a dwelling in Raymond's addition.

School children have been enlisted in a garden campaign under the supervision of Supt. of Schools P. N. Haughtelin. Vacant lots about town will be utilized.

Most of Crosby's teachers have been reengaged.

THE SINISTER DRUG MENACE.

How Society is Facing an Exceedingly Dangerous Human Element.

In rigorous effort to suppress the illegal sale and use of habit forming drugs the New York police are now arresting annually about 600 persons and securing 700 convictions. Of these fully 75 per cent have had previous police records, which include every crime in the statutes. This is an official statement, one of sinister portent. It means that law abiding society is facing a human element new and exceedingly dangerous—so grave, in fact, that one of the most important duties of the police lies in stamping out this traffic.

The danger is by no means confined to large cities like New York; it is probably growing in towns and villages all over the country. Police investigations have revealed an appalling increase of drug addicts. More than one-half of those confined in the city prison, the Tombs, were victims. Men and women following virtually every business, trade and profession were included. Even school children became addicted to the habit of using these drugs.

It is with full knowledge of such occurrences that the police are doing everything possible to stop illegal traffic in drugs. Criminals of this class present a problem even more difficult than the old time bank robber and general crook. The police may arrest 1,000 offenders annually, but the problem will not be solved until boys and girls are taught the terrible results which follow upon the use of habit forming drugs. It is at this point that teachers of physiology and personal hygiene must lend powerful co-operation.—Century Magazine.

Never mind where you work. Let your mind be for the work itself.—Spurgeon.

CROP OUTLOOK IN THE COUNTY

Labor Shortage and High Price of Labor Will Cause Less Acreage to be Worked

FLOWING AND SEEDING STARTED

Crow Wing Township Busy With Rye and Oats, Potatoes Being Bought for Shipment

Grains most heavily seeded in Crow Wing county this season are probably rye and oats.

The first plowing and seeding is taking place in Crow Wing township south of Brainerd and at points west and northwest of Brainerd. There rye and oats are being planted.

Farmers were short on labor last year. G. S. McCulloch, a well known farmer of Oak Lawn township, states there was a labor shortage last year and that more new land would be broken this year if labor was not so short and so high priced.

So far as known no railroad rights of way have been turned over to the farmers to increase crop acreage. The Minnesota & International railway has in the past turned over small tracts for experimental farm purposes.

At Brainerd, Crosby, Deerwood, Ironton, Riverton in the county a movement is under way to utilize all vacant lots for garden purposes. The aid of the school children has been enlisted.

Under County Agricultural Agent E. A. Colquhoun's supervision Boys and Girls' contests in the rural district will take up potato and pig raising, etc.

So far as known at the present time, crop in Crow Wing county will not be materially increased over that of last year.

P. H. Gruenhagen has bought a carload of potatoes and will ship this week. He met one farmer so independent on the potato question that the latter would not even quote a price on his 400 bushels.

Not Thorough.

"Bliggins affects to be a regular cave man."

"Yes," replied Miss Cayenne. "But he doesn't carry out the idea. His clothes are sufficiently out of style to be annoying without being prehistoric."—Washington Star.

Operations and Operations.

"After all, success is merely a matter of environment."

"As for example?"
"Well, the greatest surgeon might possibly be a dismal failure operating on the Stock Exchange."—Boston Transcript.

Her Sacred Word.

"Not going to Alice's luncheon? But you gave your sacred word!"
"So I did, and I'd go in a minute if my dress had come home."—Harper's Bazar.

A Specialist.

"Pa, what's a specialist?"
"A man who has discovered which of his talents will bring him the most money, my son."—Boston Transcript.

Progressing.

"How is your new house coming along?"

"First rate. We've got the roof and the mortgage on."—Boston Transcript.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

"Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of Limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of Limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of Limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

"He Profits Most Who Serves Best"

What Makes for Value in RUBBER GOODS

Quality, Beauty, Finish, Durability; Service, Price

Quality, beauty, finish, durability and service in every piece of rubber goods that we sell you. Each article, no matter how small or large, from a nipple to a fountain syringe, is truthfully represented, and actually guaranteed. As to price, there is no manner of doubt in the world but what we can sell you the very best rubber goods at the lowest prices ever quoted. We have rubber for every purpose; for home, sick-room, bath, nursery, toilet, and there is value, value, value in every piece.

Hot Water Bottles, Fountain Syringes, Rubber Gloves, Bulb Syringes, Nursery Rubber, Atomizers, Infant Syringes.

LUXURY

These elements of luxury in a motor car are found in the Series 18 FOUR and SIX:

Long resilient springs of Studebaker secret process steel.

Deep cushions upholstered with genuine long curled hair—plenty of it—made carefully by hand over a coiled spring foundation, which is the best that money can buy.

Beautiful soft genuine leather, form-fitting cushion backs ample room even for the largest person.

Room between the front seat and the dash, room between the tonneau seats and the front seats—plenty of room for the large comfortable auxiliary seats, plenty of room for seven passengers.

Individual arm chair auxiliary seats.

Smooth vibrationless power, perfect balance of chassis. There is no car on the market that can give you the luxurious features of Studebakers under \$2,000.

Come in and let us give you a demonstration.

Your Flag and my Flag!
And, oh, how much it holds
Of your Land and my Land
Safe within its folds,
Your heart and my heart
Beat quicker at the sight;
Sun-kissed and wind-kissed,
The Red, the Blue and White!
The one Flag—the Great Flag—
The Flag for me and you—
Glorified the whole world wide—
The Red, the White, the Blue!

If Harold Knutson keeps a scrap book and carefully preserves the comments of the press of the Sixth district relative to his voting against upholding the hands of the president in the present war crisis it will be mighty interesting reading to him in years to come. It will show him that he did not represent the district by his negative vote, a fact that he is now probably well aware of, and that his first act as congressman from one of the greatest congressional districts in the northwest put this section of Minnesota before the world as having elected a man who does not seem to be big enough, broad enough, patri-

otic enough to realize the critical situation that the country is in today. Harold's warmest friends are the most humiliated, and the German population of Stearns county are up in arms over the action of Congressman Knutson as will be seen from the following from the Fergus Falls Journal:

The only inference possible from the vote of the four Minnesota congressmen who voted against President Wilson, is that certain people in their district are opposed to the president's policy, and are not loyal to the United States. Many of them are already resenting the action of the congressmen who misrepresented them, and as the time goes on there will be so few people in these districts who will approve the acts of their congressmen that these public officials will greatly regret their actions in this national crisis. The people of Stearns county particularly are much incensed over the action of Congressman Knutson, who feels that his action will be interpreted that the Germans who are not loyal to the United States. According to all reports no county in the state is coming forward more patriotically than Stearns county, or furnishing a larger percentage of men for the defense of our country.

Practically every county in North Dakota was represented at a meeting in Grand Forks to form an anti-socialist union for the purpose of combating the work of the Nonpartisan League and to "ultimately bring its downfall." The newly formed association gives out the following as to its action: "The socialistic and revolutionary principles embodied in the constitutional proposal of the league are destructive to the best interests of our citizenship and in conflict with the principles on which our republic rests."

Every federal employee is now a secret service officer under special orders from the department of justice which has placed an additional duty upon all in Uncle Sam's service. Postmasters throughout the country have been requested to notify post-office employees relative to the secret service and mail carriers are expected to take an active part in the new duty.

Postmasters, under a recent ruling, get \$5 for each man they get to enlist in the navy, and the Park Rapids postmaster has set an example that will at once be recognized as patriotic by handing the fee over to the man enlisting, and he has added several

recruits to the list of northwest men who are entering the service of their country.

If you have not got a plot of ground on which to plant potatoes, corn, peas, and other garden stuff, rent one. Many people have not the time to attend to a garden properly, but it is the business of those who have the time to do so.

Little Falls is to enjoy a lower rate of insurance owing to the excellent conditions found by representatives of the general inspection company on a recent visit to that city.

April 19th has been named by Governor Burnquist as "volunteer" day.

This is Friday, the 13th. Notice anything peculiar today?

Enlistments are for duration of war only.

* GOTT IN HIMMEL!
* NO BEER FOR THE
* GERMAN SAILORS

New York, April 12.—The German officers and sailors from the merchant ships which were seized by the government have begun to realize the horrors of war. They have discovered that a beerless summer stares them in the face. No alcoholic liquors are permitted to be sold or brought to the immigration station. There are 1,098 German sailors interned at the island.

TOBACCO FUND KEEPS GROWING

Donations to the tobacco fund for the soldiers hopped up to the \$2 mark today and the money was turned over to Lieutenant Irie Mallette to give to the boys. The donations were from:

L. U. White \$1.00
Joseph C. Zimmer \$1.00

DOCTORS NAME NORTHERN CITY

Little Falls, Minn., April 12.—Thirty physicians attended the meeting of the Upper Mississippi Medical society, clinics, a program and banquet making up the session. Doctors from Brainerd, St. Paul, Wadena, Staples and other points read and discussed papers. International Falls was chosen as the place of the next meeting, which will be held in July.

BRAINERD'S OLDEST STORY OF TODAY

Friday, April 13, was a hoodoo day for Fred T. Lincoln, secretary of the Chamber of Commerce, and he didn't keep his fingers crossed. As he is a garden booster he started out the day superintending the plowing of his garden, a team of mules providing the motive power. A black cat shot past the mules and in the turnover considerable soil was scattered around and Lincoln lost all his radish seed. He then took up the job of moving his household belongings from the flats on So. Broadway to the Smith house on Kingwood street. He stepped under a ladder and a picture frame struck his ear. He next plunged into work at the Chamber of Commerce, absent-mindedly left his pipe in his coat pocket and set fire to his coat, the janitor dousing the blaze and incidentally nearly putting Lincoln out of business too. With the shades of night still eight hours distant, a few other things are bound to happen.

Trees in Paris.

Paris maintains a municipal nursery where expert care and attention are given young trees. The forestry department of the city government is as well organized as the public health or street cleaning department, and its staff is selected carefully.

From the day it is set out in a public square or street each tree bears a distinct identity of its own and is the special ward of an expert gardener. Men who tend the trees have regular routes like lamplighters or policemen.

Every tree is numbered, and a record of its development and its condition is kept—its state of health, the dates on which trimming or pruning is necessary and all other details.

The height of each tree must bear a harmonious relation to second and third story windows, and more important, its position so far as heat, light and wind exercise influences upon it, is studied.—Kansas City Journal.

SPECIAL SERVICES SUNDAY MORNING

Commemoration of Sixth Anniversary of the Pastorate at First Congregational Church

REV. GEORGE PHIL SHERIDAN

These Services will be of Special Significance to the Members of the Congregation

Next Sunday will be the sixth anniversary of Rev. George Phil Sheridan's pastorate of the First Congregational church and special services will be held next Sunday morning at the church in commemoration of this fact. At these services Dr. E. E. Leshar of Minneapolis, will preach. There will be no evening services.

Rev. Sheridan, during the six years that he has been in Brainerd, has

REV. GEO. PHIL SHERIDAN

been active in every kind of civic work for the betterment of Brainerd, and counts as his friends men of every religious denomination.

That he has been especially successful in his pastorate goes without saying when it is considered that he has been pastor of this church for a longer time than any other man who has served in that capacity since the organization of the church. Because of his long service he is also the senior pastor of the Duluth District under which jurisdiction the Brainerd church comes.

Sunday's services will therefore be of a special significance to the members of his congregation and to his friends generally throughout the city who will attest to this fact by their presence at these services.

TELLING BLOWS ARE DELIVERED

British Advance Despite Rain, Snow and Gale.

BUSY CLEARING VIMY RIDGE

Canadian Troops Retain Their Hold on High Ground and Make Additional Progress—Berlin Reports Loss of Twenty-four British and French Aircraft.

London, April 13.—Despite rain, snow and a forty-mile gale British troops in France again have delivered telling blows on the German line southeast of Arras and north of the Vimy ridge.

The bad weather has extended to the front held by the French and there was no activity there except reciprocal bombardments.

The latest British gain southeast of Arras gave them the villages of Heninel and Wancourt and adjoining defense works and also permitted them to cross the Cojeul river and take the heights on the east bank of the stream.

The Canadians kept up their good work on the Vimy ridge and made additional progress in clearing it of the enemy.

Berlin admits the capture by the British of Monchy-Le-Preux Wednesday, but says attacks north of the village and on Vimy and Fampoux were repulsed with heavy casualties.

The German official communication says British attacks near Souchez and Fampoux failed. It adds twenty-four British and French aircraft were lost on the Western front Wednesday.

There has been considerable artillery activity on the Austro-Italian front and in Macedonia between Monastir and the Cerna river.

Her Economy.

"Hubby, dear, I saved \$10 today."
"Buying what?"—Louisville Courier Journal.

Opposition inflames the enthusiast never converts him.—Schiller.

OPPOSITION GETS ACTIVE

Organization Will Fight North Dakota Nonpartisan League.

Grand Forks, N. D., April 13.—Opposing the Nonpartisan league of North Dakota because of what they term its socialistic principles representatives of virtually every county in the state met at Grand Forks and formed the Anti-Socialist Union of North Dakota to combat the league's work. While recognizing the right of the people to promote their own interests the new organization charges the league has carried its program too far, reaching a climax when it sought to have its constitutional revision plan adopted at the recent session of the legislature. It was even charged by some that North Dakota was being made an experiment station for the "working out of the visionary theories of socialism." An executive committee, consisting of one member from each of the judicial districts, was elected. This committee organized and named Nick N. Nelson of Emeryado chairman.

GRAND JURY INDICTS SIX PAPER MAKERS

New York, April 13.—Charged with controlling 55 per cent of the news print production of the country and using their power in restraint of trade in violation of the Sherman anti-trust law six paper manufacturers and a banker prominent in financing news print paper companies were indicted by the federal grand jury here.

Five of the manufacturers constitute the executive committee of the News Print Paper Manufacturers' association whose secretary, George F. Steele, the indictment says, was not named as a defendant because he appeared as a witness before the grand jury.

The men indicted are George H. Mead, Phillip T. Dodge, Edward Backus, George Cahoon, Jr., G. H. P. Gould, Frank J. Sensenbrenner and Alexander Smith, a Chicago banker.

Backus, a resident of Minneapolis, is president of the Minnesota and Ontario Power company and the Fort Francis Pulp and Paper company.

Beauty and Attractiveness Without Extra Cost

We believe that any one will admit that the above design is very attractive. The photograph of it which we have here at our office brings out the beauty much better than this newspaper cut does.

Now you can build JUST A HOUSE for about the same money that this beautiful cottage will cost you. You could perhaps have as much room and the house could be built warm and comfortable too. But why not have a home that will be good to look at as well as enjoyable to live in when it doesn't cost much, if any more, than JUST A HOUSE.

Our "Ye Planry" Service

Gives you a choice of a wide variety of beautiful homes every one of which has distinctive character in outside looks and also interior arrangement.

The best home designers in America have produced these plans and embodied in each of them all the permanent beauty, comfort and convenience possible.

As to Cost

—We want you to call and see the photographs and the floor plans and let us tell you the price. You will have some pleasant surprises when it comes to price.

COMMEMORATE MAKING PAPER

Chamber of Commerce to Take Steps to Signalize this Step on Part of Northwest Paper Co.

THREE NEW MEMBERS JOIN

R. R. Wise Advocated Farmers not Slaughtering Cattle Under Three Years of Age

The Brainerd Chamber of Commerce will take steps to properly commemorate the making of the first paper by The Northwest Paper Co., of Brainerd, the committee on manufacturing having the matter in charge. The paper company expects to turn out paper within 10 days.

The Chamber considered the advertising of some newly platted land near Brainerd, some of the members considered the description of the property as being in too enthusiastic a vein.

R. R. Wise advocated urging farmers not to kill calves for veal, that cattle were too scarce a commodity to be sacrificed that way. The Chamber went on record urging farmers not to slaughter cattle under three years of age.

Three new members accepted were: S. N. Mehlin, George A. Kampmann and George H. Kampmann.

S. R. Adair reported on a new rural route extending along State Highway No. 7 to a point near Hubert, Merrifield and thence back to Brainerd on State Highway No. 3, on which the required signatures of over 100 had been secured. The route will serve over 400 people, without counting the many summer residents.

President Henry I. Cohen called attention to the Market Day and public auction under Chamber of Commerce auspices set for April 24, that the merchants and farmers were responding and that a large crowd was looked for on that day in Brainerd. Merchants of the city are advertising extensively to make it a success.

DOMINICAN FATHERS MISSION

To be Held at St. Francis Catholic Church for Week Commencing April 15

A mission by the Dominican Fathers, Rev. J. M. Eckert, O. P., and Rev. R. F. Larpenteur, O. P., will be held at St. Francis Catholic church commencing Sunday, April 15, and closing Sunday, April 22. The object of the mission is to offer extraordinary opportunities for hearing the word of God and for worthily receiving the sacraments.

During the mission, in the true spirit of charity, every facility will be afforded for the instruction or information of non-Catholics who may be desirous of knowing the true teachings of the Catholic church.

On Sundays there will be masses at the usual hours. On week days the mission masses will be at 5:30 and 8 o'clock. Each mission mass will be preceded by a part of the rosary.

On week days short instruction after the 5:30 o'clock mass, and a sermon after the last mass. In the evening instructions at 7:45 o'clock, followed by a part of the rosary and a sermon.

LUDWIG KALUSHA DEAD

Well Known Brainerd Resident Died this Morning. Had been Sick for Many Months

Ludwig Kalusha, age 73, well known Brainerd resident, died at 7 o'clock this morning following an illness of several months. He leaves a wife, two sons Paul and Gus of Brainerd and one daughter, Mrs. C. L. Prafter of Bemidji.

The funeral will be held on Monday morning from St. Francis Catholic church. The sympathy of the community is extended to the bereaved family.

First Log Drive to Start

(Little Falls Transcript)

Otis Webb, drive foreman for the Mississippi & Rum River Boom company, brought a crew of men to Little Falls today to start the river work for the season. The first drive will probably start soon from Brainerd.

Had Trouble Four or Five Years

Many people suffer from bladder trouble when they can be quickly relieved. W. J. Furry, R. F. D. 2, Salem, Mo., writes: "I was bothered with bladder trouble four or five years. It gave me a great deal of pain. I took different medicine, but nothing did me any good until I got Foley Kidney Pills." H. P. Dunn, druggist.—Adv.

Illiteracy among American Indians has been found to be least in Kansas, where it is 18.7 per cent. It is greatest in Utah.

COMPANY TAKES STEPS TO SERVE

Northwestern Telephone Exchange Co. Announces New Plan of Sending Employees to War

ENLISTMENTS ARE RECEIVED

By Officials of Company and Value of Labor will Then be Determined, Signal Corps Important

Employees of the Northwestern Telephone company are to be given a chance to join the signal reserve corps on full pay and without losing any of the benefit rights of their service with the company.

This was the plan announced in a bulletin issued to employees at the local office. Under the plan the enlistments will be received by the officials of the company. The value of the employee will then be considered and it will be determined whether he will be of more value to his country at his present position or in the service of Uncle Sam. In case he is kept on his job he will receive an emblem showing his offer of enlistment. If he goes to war he will receive his full salary less the amount that is paid him by the government and will lose none of his rights in the benefit organizations.

During war time hundreds of men are used in establishing telephone and telegraph lines between the various fronts and headquarters and the signal corps is now one of the most important artisan corps in the army.

Employees enlisting in home guards or in the army or navy will not receive their pay or benefits.

"HOLD BREEDING STOCK" IS ADVICE

Government Report says Conservation of Livestock Now Becomes a Patriotic Duty

DIVISION ANIMAL HUSBANDRY

Minnesota is Looked upon by Government as One of the "Bread Basket" States

Minnesota farmers! Hold your breeding livestock! "Conservation of livestock now becomes a patriotic duty," says a government report issued for the division of animal husbandry by Dr. C. W. Gay at the Minnesota Agricultural college.

Minnesota is looked upon by the government as one of the "bread basket" states of the union and livestock men are warned by Dr. Gay not to be influenced by high prices to sell their breeders.

The bulletin states that Minnesota has proved its ability to control hog cholera. Losses from disease in the last year to April 1 were 2.2 per cent in Minnesota. The ten-year average is 5.1 per cent.

Improvement is noted in the report for the United States. Hog losses from disease during twelve months to April 1 were 4.87 per cent, the ten-year average being 6.78 per cent.

The report for all food stuffs is optimistic in view of the recent announcement of shortage of wheat in storage.

Grain now in the ground show good condition and acreage.

Cattle losses from disease in Minnesota were 1.1 per cent, the ten-year average losses being 1.7 per cent.

Sheep losses in Minnesota were 1.5 per cent. The average for ten years is 2 per cent.

Wheat, which includes winter wheat and that already seeded for fall harvest shows 86 per cent of normal condition, the three-year average being the same. Rye shows 89 per cent of normal.

Prices on all livestock and grain are abnormal, wheat ranging from \$1.80 to \$1.93 cents a bushel in the state for the year ending April 1.

Livestock is correspondingly high.

GET GOOD PRICE

One Year Old Beef Animal Nets F. R. Cook of Fort Ripley \$77.50. Weight 1035 Lbs.

F. R. Cook of Fort Ripley sold a beef animal for \$77.50. The animal was a little over a year old and weighed 1,035.

Glad to Learn of It

Coughs that follow a gripe, or any deep-seated hacking cough, will wear down the strongest man or woman if allowed to continue: C. Smith, 1421 12th St., Augusta, Ga., writes: "I got one 25c bottle of Foley's Honey and Tar and my cough and cold is about well. I was glad to learn of a great medicine like that." H. P. Dunn, druggist.—Adv.

New House Dresses and Apron Section

The time when a woman wore a "wrapper" about the house is past. She demands a neater garment. Manufacturers have heard this demand and are making beautiful garments designed for service at most reasonable prices.

We have enlarged our ready-to-wear section and have added a beautiful line of house dresses, afternoon dresses, aprons and kimonos at prices less than you can make them. They have style which the average home dress maker cannot put into them.

This new department is spacious. The garments are displayed in such a manner that they easily inspected. This new department is now opened and the new garments are here. Come in and see them---we have aprons from 50c to \$2.00; Dresses from \$1.25 to \$3.00. You'll appreciate seeing them.

LOCATED THE MAN WHO DROVE CAR

Little Falls People not so Fierce in Denunciation of Driver who Hit Little Falls Lady

DID NOT KNOW CAR STRUCK HER

Name of Driver Not Mentioned but it is Understood he was Former Resident of that City

The Little Falls Transcript says that:

"Chief of Police Proper has located the man who drove the car Tuesday at the time Mrs. Warren Gordon was injured and he has promised to appear in Little Falls to answer any charge that might be placed against him. It is said that the man, who is known to many here, is ordinarily a good driver, quiet and has never gotten into trouble of a like nature. He states that he did not know he had injured anyone and that was the reason he did not stop the car. Another lady accompanied Mrs. Gordon and as the car approached they stepped in opposite directions and the driver, according to those who have talked with him, says he was watching one lady and did not see the other at all."

While the name of the man said to have driven the car has not been made public it is understood that he was a former resident of that city and that his record as a driver has previously been good.

ASSESSORS TO BE INSTRUCTED

A member of the State Tax Commission will be in Brainerd Wednesday, April 25, to instruct assessors of Crow Wing county in regard to their duties. The meeting will be open to the public and all interested are asked to attend.

The school of instruction will be held in the court room on the second floor and is expected to start at 10 in the morning.

SHIP DRAFTSMEN WANTED

Government in Urgent Need for Men of This Calling. Civil Service Commission Issues Call

The United States government needs ship draftmen. The navy department is in urgent need of ship draftsmen at the several navy yards and in the department at Washington in connection with recently authorized construction of war vessels and to facilitate construction already begun.

Citizens with this special training are urged on patriotic grounds to use their knowledge where it will be of most value to the government.

Applicants are not assembled for an examination but are rated upon the elements of (1) physical ability, and (2) education, training, experience, and ability, as shown by their applications and corroborative evidence. Applications will be accepted at any time. Applicants will be given a rating as soon as their applications are received by the United States Civil Service Commission, and those who are found qualified will be offered employment at once.

Information as to requirements for entrance, salaries, etc., and application blanks may be obtained from the United States Civil Service Commission, Washington, D. C.; the Secretary of the United States Civil Service Board, Post Office, 3 Paul, Minn.

Because red is the color that is least easily distinguished by color blind persons experts have advocated blue disks with wide yellow rims for danger signals.

MISSOURI ZINC MINES COMPANY

E. A. Lamb, of Ironton, and Minneapolis, and H. J. Kruse of Crosby Head Organization

THRIVING IN JOPLIN FIELD

Own the Quick Seven, Texmo and Nineteen-Nine Mines near Neck City, Missouri

(The Missouri Trades Unionist) (of Joplin, Mo.)

Among the successful mining companies that have entered the Joplin district in recent years, one that has made a splendid record for itself in the production of paying properties is the Missouri Zinc Mines Company, whose general offices are at 322-323 Frisco Building.

"This progressive organization is composed principally of a number of investors from Minnesota and North Dakota, with E. A. Lamb, Minneapolis, Minn., as president. The vice-president and active general manager of the company is Henry J. Kruse. The latter is a gentleman of wide experience in lead, zinc and iron mining, and under his personal direction results worth while have been accomplished. L. E. Culbertson is secretary and managing director and also president of the Sultana Mines Co.

Among the chief properties owned by the Missouri Zinc Mines Company are the Quick Seven, Texmo and Nineteen-Nine mines, all located near Neck City, Mo.

The Quick Seven mine is proving decidedly a winner, as operations are now carried on at this property at the bottom of a big open pit—real daylight mining. Here a slack cable system of ore delivery was installed about a year ago and has proven wonderfully effective. A scraper picks up the dirt, it is elevated to the mill on the slack cable in a conveyor which carries a ton each trip, and so greatly facilitates the handling. Double shafts have thus been working on the Quick Seven for some months past, and as the average weekly shipments of ore range from 65,000 to 150,000 pounds, the property is indeed a valuable one. This output will soon be greatly increased by the addition of the ore from the Texmo mine near by, and which has been put in fine condition for working by the installation of a big Pomona pump that has a capacity of 500 gallons per minute, and a new 150-h. p. St. Mary's Gas Engine has been put in the mill also.

The Nineteen-Nine mine, also in this vicinity, will again be re-opened by the company in the near future and the mill on this property put in operation once more. All of this activity portends a most gratifying condition of affairs for the shareholders.

Like the other progressive companies operating in this field, the management has not been at all backward in advocating the principles of safety first and last aid, and the infinite care that is exercised in guarding the health and lives of the employees well shows the interest that Manager Kruse and his associates have manifested in the welfare and progress of the wage-earners.

The property has been, and is at the present time producing very high grade zinc concentrates. Car load lots averaging from 62 to 64 per cent install zinc. For the past seven years the production of this group of mines has been unparalleled in this district, and the future history promises to surpass even this exceptional record. The work is being prosecuted vigorously.

UMP WINE IN THE STREETS

Indian Agents Leo Mayer and Charles Benson seized two barrels of wine containing about 100 gallons at the store of Kuste Lasovitch in Ironton and shipped it to Brainerd where it was dumped in the sewer in the presence of a thirsty crowd at Broadway and Front streets.

On the range liquor was found in a trunk and two suit cases; at Deerwood in three grips. The owners of the baggage failed to show up.

\$10,000 FOR CROSBY ARMORY

The State Board of Investment has voted to buy \$10,000 of certificates of indebtedness issued by the armory board of Crosby to build a new armory there.

Daughter in Terrible Shape

A. Mitchell, Bagdad, Ky., writes: "My daughter was in terrible shape with kidney trouble. I got her to take Foley Kidney Pills and she is completely cured." Foley Kidney Pills strengthen weak, deranged kidneys; correct bladder troubles; stop rheumatic pains and backache; relieve sore muscles and stiff joints. H. P. Dunn, druggist.—Adv.

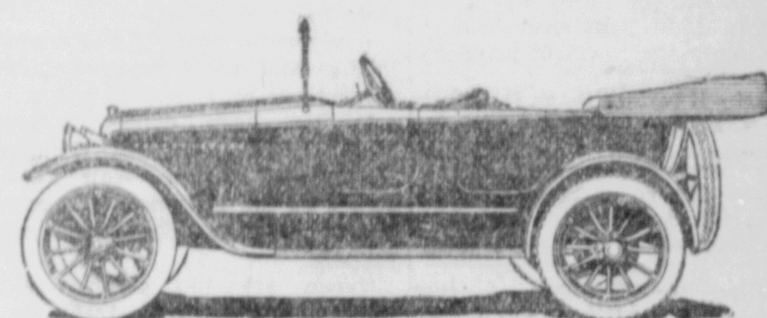

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

All That is Best in 1917 Motor Car Construction

You will find now in the 1917 Grant Six.

Get down to details as closely as you please.

Ask for any facts of construction that may seem of importance.

Make any comparisons you choose—Compare preferably with cars of higher price.

You will not find better value than the Grant Six, for there is no better value at any price.

This is a year of big values—but every comparison you may make will but serve to emphasize Grant Six value.

"Was the information what she wanted?" asked Mr. Simmons.

"Well, she got a reply telling her to sell it to the soap man."—Pittsburgh Chronicle.

AMERICAN NAVY ACCEPTS DUTIES

Warships Will Patrol Entire At- lantic Seaboard.

MAY EXTEND ITS ACTIVITY

French and British Admirals Confer With Secretary Daniels, Admiral Benson and Other American Offi- cials Regarding Conduct of Naval Warfare.

Washington, April 13.—With high British and French naval officers in conference here with American naval officials definite steps have been taken toward participation of the American navy in the war against Germany.

Patrol of the entire Atlantic sea- board, reaching southward to the Pana- ma canal zone and possibly north- ward to include Canada, will be the first duty of American warships.

With that goes the necessity of guarding against the probable exten- sion of the German submarine cam- paign to include approaches to major American ports.

British and French ships now on this duty will be withdrawn as soon as the American forces have their lines established.

The American squadron will op- erate from British and French bases in the South Atlantic wherever neces- sary.

Foreign Admirals Present.

This was learned in connection with the announcement that Vice Admiral M. E. Browning of the British navy and Rear Admiral R. A. Grasset of the French navy are in Washington, con- ferencing with Secretary Daniels, Ad- miral Benson, chief of naval opera- tions, and other officers of the Amer- ican navy.

The conferences have to do with the part the American fleet will play in the war either immediately or later, when its strength in light patrol craft and trained men has been increased.

Commanders of the British and French forces off the American coasts, it is known, have expected Germany would extend her submarine opera- tions to these waters.

A vigorous patrol of the approaches to the chief American harbors will be carried out by American ships.

It has been expected Germany would announce formally a submarine blockade of Boston, New York, the mouth of the Delaware, the mouth of the Chesapeake, Charleston and Sa- vannah.

These are the arteries through which flows the main traffic in food- stuffs and war supplies for Europe.

Warning Should Be Given.

Unless a blockade is declared, in line with her previous action, Germany would be under the necessity of giv- ing warning before attacking mer- chant vessels under neutral flags.

Many navy officers doubt any con- siderable number of German subma- rines can be spared from the block- ade of the British Isles for work on this side of the Atlantic.

Sporadic operations within such prescribed areas are looked for, how- ever.

The navy department has a con- siderable supply of submarine trap nets available and more will be deliv- ered in a few days. It is assumed ap- proaches to American harbors will be protected fully in this way and the fleet of submarine chasers, being as- sembled, distributed to comb the seas night and day.

It is understood not only will naval bases and other British and French ports on this side of the Atlantic be open to American naval vessels, but that whenever need arises ports on the French and British coasts will be placed at their disposal.

An American naval port probably will be established at some future time on the Irish coast.

SUNK NEAR CUBAN COAST

British Vessel Said to Have Been U- Boat Victim.

Key West, Fla., April 13.—The British sailing vessel Trevel, Captain Williamson, was sunk by a German submarine off Cienfuegos, Cuba, four days ago.

All hands landed at the Cuban port a few hours later, according to C. Peterson, a member of the crew, who arrived here from Havana.

Peterson says he is a naturalized American of Norwegian birth.

The vessel was sunk by bombs placed aboard by the Germans, Peter- son declared.

MUST USE ALL RESOURCES

Henry L. Stimson Favors Waging Vig- orous War.

St. Louis, April 13.—Henry L. Stimson, former secretary of war, in an address here, said that the United States should go to the aid of the en- tante allies with all its resources.

"This is not a war to be won by money," he said, "but by the last 100, 000 men. This is not a country to go to war with money and stay at home with men."

"The road is rough, but it must be trod to the utmost mile."

President Wilson Before Congress

This photograph shows President Wilson reading his message before both houses of congress in the hall of the House of Representatives.

WEST OPPOSES LEASING LANDS

Other Sections Think That Method Is Beneficial.

WOULD DELAY SETTLEMENT

This Applies to Water Power Sites, Coal, Oil and Other Lands Which Are Called Natural Resources—Charles A. Lindbergh of Minnesota Will Be Missed by the House.

By ARTHUR W. DUNN.

Washington, April 10.—[Special].—Except to the western men the propo- sition advanced by a large section of officials in regard to government own- ership and leasing of public lands seems perfectly feasible.

The leasing system is a part of the conservation movement. It seems sim- ple enough, especially as the system of grazing now in force on the forest re- serves has resulted in an increase of cattle and sheep. It is believed that a leasing and grazing system on the arid and semiarid public lands will likewise be beneficial.

The Western Point of View.

But the western men, or a large num- ber of them, have a different point of view. They say that the retention of these lands by the government and the adoption of a leasing system will pre- vent their acquisition by settlers; they will not be taxable as long as they re- main the property of the government and the development of the west for- ever retarded.

That is the lineup on conservation. It applies to water power sites, coal, oil and other lands which are called natural resources. There will be a tremendous battle before the question is finally settled.

Was a Free Contributor.

The Congressional Record will miss Charles A. Lindbergh of Minnesota. In the dozen years he was a member of the house he was a free contributor to the columns of that publication. Lind- bergh did not care whether he spoke at length or was given leave to print. His speeches were for deep students and thinkers, for historians. They dealt with important subjects, fundamentals of government and finance. They did not attract much attention, but they were generally conceded that they showed profound thought.

Designation in Type.

At the beginning of the list of mem- bers of congress there is the following: "Democrats in roman; Republicans in italics; Progressives in small caps; In- dependents in roman caps; Prohibition- ists in italic caps; Socialists in heavy type."

So it takes six different styles to des- ignate the political affiliations of the present membership of the house.

Sure of Military Training.

Whatever else may happen the coun- try is sure of having a lot of men well trained in military matters. There has certainly been a scare thrown into the people of the United States on the sub- ject of preparedness, and now we will find hundreds of men asserting that they are much in favor of prepared- ness, although they are opposed to war.

Why Condemn Them?

There is no reason why the inde- pendents in congress should be con- demned because they sought good com- mittee places in return for voting for one party or the other. There has not been a speakership contest in many years, and the last bitter contest that occurred was one of extraordinary character when candidates for speaker were promised and given prominent chairmanships when they voted for

and turned their supporters in to the winning candidate.

There was some criticism of those methods, but it was a part of politics. They could not win. Their man could not be speaker, and so they made the best terms they could for themselves and their friends. Even William J. Bryan landed on the committee on ways and means as a part of that deal.

So why hold up the independents in the present congress to scorn because they were making the best possible trade they could?

Committee Places Overestimated.

If there is anything that a new mem- ber, and an old member, for that mat- ter, goes out for with more vim than anything else it is a place on leading committees. Some way senators and representatives think that they can make good if they get good committee assignments. Committee places are not nearly as important as they were in days gone by, and a man without any committee place can make himself felt in congress if he has the force. At the same time the sole effort of a new senator or representative is to land himself on a good committee.

Pressure For Tickets.

There never was such a pressure for tickets for any performance ever pul- led off equal to that when President Wilson delivered his address to the ex- traordinary session of congress. Mil- lions who have been able to com- mand places everywhere applied in vain for tickets to the hall of the house of representatives on that day. Pol- iticians from afar, men of great prom- inence in the business and political world, were unable to obtain admis- sion. The impression prevailed that that was the most momentous occasion this country has known in recent years.

War Costs Italy \$6,000,000,000.

Rome, April 13.—With the last war loan Italy has contributed to her ex- penses in this war over \$6,000,000,000, including new taxes and augmentation of old ones.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Ouch ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says freezezone is an ether com- pound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezezone will cost very little at any drug store, but is suf- ficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.

There's Protection for You in the Collegian Label!

In the new Collegian Spring Suits and Top- coats for 1917 the fit, style, quality of materials and tailored workmanship are unusually good at the price.

ADLER Collegian Clothes

If the name "Collegian" did not protect their quality the prices would justify your being suspicious of their real value.

So don't you men and young men risk your money in clothes you are in doubt of. Look for the Collegian label—it's a guarantee of clothes satisfac- tion—quality—personal fit—that's why we sell them.

John Carlson & Son

AMERICAN ENVOY IS HONORED IN LONDON

London, April 13.—The Pilgrims of Great Britain gave a dinner in honor of Walter Hines Page, the United States ambassador.

Arthur J. Balfour, the British for- eign secretary, was to have presided, but owing to diplomatic affairs of state, especially concerning the United States, he was unable to be present.

His place was taken by Viscount Bryce, president of the Pilgrims.

Among the speakers was Mr. Page, who dealt with the entry of the United States into the war, and declared that he was stirred to the depths of his nature by the American compan- ionship in arms with Great Britain and her allies.

Viscount Bryce declared that the United States in quitting the iso- lation she had cherished since the days of Washington had taken a step that was full of significance for all time to come.

Lord Robert Cecil, minister of blockade, said Great Britain and the United States through their associa- tion will bring greater things for the world.

Treading on Dangerous Ground.

A shrewd official connected with the administration is much opposed to any- thing being done in the way of food in- vestigations by the administration with the view of reducing the high cost of living. He says that the present cost of living comes about by conditions in Europe over which this country has no control and if the administration should undertake to point out or seek a remedy the probabilities are that nothing would be done, with the result that the administration would be blamed for failing to do something for the people at a critical time.
